

Clinical Research Seminar Series

A monthly seminar series hosted by the Office of Research (FoMD) & NACTRC

Strategic Clinical Networks™

How They Facilitate Clinical & Health Research in Alberta

Strategic Clinical Networks™ (SCNs™), developed by Alberta Health Services, are 15 networks of individuals with passion, knowledge and expertise in specific areas of health. Drs. Seija Kromm (Maternal, Newborn, Child & Youth), Kay Rittenbach (Addiction & Mental Health), Patrick McLane (Emergency), and Matthew McEwan (Cardiovascular Health & Stroke), Assistant Scientific Directors, will co-present on how their respective SCNs™ support and collaborate with researchers in the FoMD.
